Delabie Ltd.
21/F, On Hing Building,
1 On Hing Terrace,
Central, Hong Kong

(Attn.: Mr Sebastien SPRIET)

Dear Sir,

Approval of "DELABIE" Manually Operated Blending Valves

Your letter ref. HKH790 dated 17 February 2015 refers.

It is noted that the fittings described below have been accepted by the United Kingdom Water Regulations Advisory Scheme (WRAS) to have complied with the requirements of the United Kingdom Water Supply (Water Fittings) Regulations / Scottish Water Byelaws when correctly installed.

Name of Manufacturer: Delabie SCS

Country of Origin: France

Brand: Delabie

Details of Fittings: Range of wall mounted concealed and exposed manually operated blending shower valves (chromium plated brass). Incorporating single sequential headworks controlling both flow and temperature with dome type operating members. Inlets incorporate single check valve cartridges (suitable for backflow protection against Fluid Category 2) and plastic strainers. Maximum working pressure 5.0 bar. Maximum operating temperature 60°C

Size: 3/4" BSP Male inlets/outlet

Models: TEMPOMIX 790000
TEMPOMIX 790000CXL
TEMPOMIX 790370
TEMPOMIX 790970
TEMPOMIX 790970CXL

Marking: Delabie on indice

WRAS Approval Number: 1407027

Installation Requirements: R001, R040

In view of the acceptance by WRAS, this Authority has no objection to the use of the said fittings in fresh water supply plumbing systems subject to full adherence to Waterworks installation requirements. In particular, you are required to draw your customers' attention to the following installation requirements –

“Installation shall comply with the ‘Installation Requirements & Notes’ of the WRAS’s approval letter concerned.”

“The cold water supply to the fittings shall be drawn from the same source that supplies the hot water apparatus so as to provide a balanced pressure and to obviate the risk of scalding in the event of a restriction or failure in the water supply.” AND

“The shower head or handspray should not be placed in submerged conditions and should be securely fixed to the original position after use.”

A condition of this acceptance is that the fittings to be installed should be replicas of the samples certified by WRAS and no modification should be made to the fittings. This acceptance may be withdrawn at any time if the standard of the fittings installed fails to meet that of the approved samples or if the fittings are found to be unsuitable for use in fresh water supply plumbing systems.

For the use of the fitting in any project, the Acceptance Reference Number at the bottom of this letter must be quoted as a means of identification of acceptance of the fittings by this Authority.

Should you have any enquiries, please contact our Engineer Mr. Ken H CHAN at tel. no. 2829 4453.

Yours faithfully,

(LAM Ching Man)
for Water Authority
